# 10TH ANNUAL DC SUSTAINABILITY SUMMIT GREEN PRODUCT EXPO

We will close our day long conference with our Green Product Expo. This has historically been our most popular event. Be sure to sign up early as we do not permit product overlap so our exhibitors have an exclusive audience.

Some details will be different from previous years. The first and biggest difference is the setup. As we will be all in one room for the entire day, we need to have all exhibitor displays setup before 9:00 am. We plan to cover displays so they can be “unveiled” at the beginning of the expo. We can also offer an option to bring your display items to our office and we will setup for you. \*There will be an additional charge for this option.

We are still working out full details and will be sure to communicate with everyone throughout the next few months!
