

IMMERSIVE ILLUMINATION PRODUCTS FROM COOLEGE LIGHTING

LUMINOUS CEILING

A Complete Portfolio of Products

Cooledge offers a full range of products to deliver luminous ceilings that create immersive illumination experiences that bring the outdoors... inside.

FABRILUM

At Cooledge, we're not satisfied simply selling products that provide best-in-class illumination. FABRILum delivers the immersive illumination that is Cooledge's advantage but goes beyond lighting to deliver so much more: unparalleled acoustic performance plus new architectural forms.

- No Specialty Installers Required
- Nominal Size: 4' x 4' (1200 x 1200mm)
- Flux Levels: High, Standard
- Suspended
- Surface Mount
- Recessed (Drywall/Plaster)

FABRICOLOR

Do you have a space that serves a variety of functions and users needs? Do you require high quality functional illumination for working or shopping but also rich immersive color or vibrant dynamic scenes to create an emotional experience or simply have some fun? FABRIColor delivers all of these possibilities and more...

- No Specialty Installers Required
- Standard sizes up to a maximum of nom. 6' x 9' (1.8m x 2.7m)

IMMERSIVE ILLUMINATION PRODUCTS FROM COOLEDGE LIGHTING

LUMINOUS CEILING

A Complete Portfolio of Products

Cooledge luminous ceiling products include standard architectural luminaires and full turnkey solutions.

FABRICATED LUMINAIRES

Deliver the immersive illumination of luminous ceilings in simple, familiar formats that can be ordered and delivered to meet almost any schedule. Large-scale luminaires bring the feeling of the outdoors inside by creating artificial skylights in a grid ceiling or filling an open concept space with canopies of light that can also absorb sound, in some cases replacing other acoustic materials.

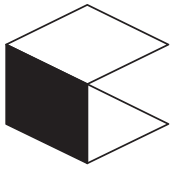

- No Specialty Installers Required
- Standard sizes up to a maximum of nom. 6' x 9' (1.8m x 2.7m)
- Flux Levels: High, Medium
- Suspended
- Surface Mount
- Recessed (Drywall/Plaster)
- Grid (T-bar)

SPECIALTY ILLUMINATION SOLUTIONS

To fully emulate the outdoor experience, scale becomes the key factor. For large area luminous ceilings, Cooledge offers a range of illumination solutions that are assembled on-site by trained installers to create immersive environments on a scale worthy of nature.

- Specialty Installers Required
- Custom sizes to a maximum of 15.5ft x 161ft (4.7m x 49m)
- Flux Levels: High, Medium , Low
- Suspended
- Surface Mount
- Flush Mount

LumiScapes by Cooledge is a portfolio of standard products that deliver the unique immersive illumination experience of the outdoors at price levels that enable their use in everyday spaces.

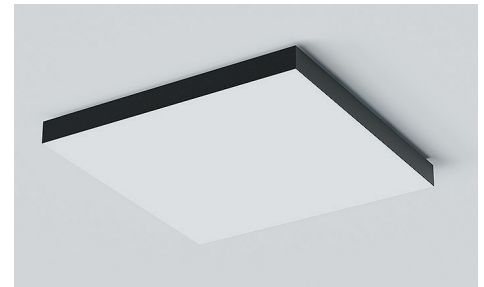

FABRICORE

FABRICore is a large area acoustic LED luminaire available for general area illumination applications that combines immersive illumination with acoustic performance to fit any budget

FABRICLOUD

FABRICloud is a large area acoustic LED luminaire that quite literally brings the feeling of the outdoors to interior spaces with vibrant skiescapes. Capture a piece of the sky with a single luminaire or create an expansive scenic canopy of natural illumination by grouping luminaires together in preset scenes, all without breaking the budget.

FABRIQUIET

FABRIQuiet is a sound absorbing panel that is the perfect acoustic complement to FABRICore, delivering the same exceptional noise reduction capability with matching aesthetics to ensure design continuity throughout your space.

COOLEEDGE IS LEADING A NEW REVOLUTION IN LIGHTING

Cooledge fuses light with architectural surfaces to change the way illumination is applied and experienced. The company's products range from integrated lighting systems and luminaires to highly customizable luminous surface solutions, all exploiting the advantages of LEDs beyond conventional "point and line" fixtures to maximize design versatility – whether for large-scale specialty projects or common everyday spaces. Cooledge luminous surfaces have transformed thousands of environments worldwide, including the offices, venues and retail properties of esteemed global brands. The company is headquartered in Vancouver, Canada and supported by a network of sales agencies and distribution partners throughout North America, Europe, the Middle East and Asia.
